

Package `utility`

Interface `Iterator<E>`

All Known Implementing Classes:

`LinkedList.LinkedIterator`

```
public interface Iterator<E>
```

Method Summary

All Methods

Instance Methods

Abstract Methods

Modifier and Type	Method	Description
boolean	<code>hasNext()</code>	
E	<code>next()</code>	
void	<code>remove()</code>	

Method Details

`hasNext`

```
boolean hasNext()
```

`next`

```
E next()
```

`remove`

```
void remove()
```
